

complying with the conditions is outweighed by the relief that they seek to receive. This information collection also is necessary to provide a mechanism whereby persons requesting interpretative, no-action, and exemptive letters may seek temporary confidential treatment of their request and the Commission staff response thereto and the grounds upon which such confidential treatment is sought.

With respect to the collection of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;
- The accuracy of the Commission's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical or other technological collection techniques or other forms of information technology; e.g., permitting electronic submission of responses.

You should submit only information that you wish to make available publicly. If you wish the Commission to consider information that you believe is exempt from disclosure under the Freedom of Information Act, a petition for confidential treatment of the exempt information may be submitted according to the procedures established in section 145.9 of the Commission's regulations.⁴

The Commission reserves the right, but shall have no obligation to, review, pre-screen, filter, redact, refuse or remove any or all of your submission from <https://www.cftc.gov> that it may deem to be inappropriate for publication, such as obscene language. All submissions that have been redacted or removed that contain comments on the merits of the Information Collection Requirement will be retained in the public comment file and will be considered as required under the Administrative Procedure Act and other applicable laws, and may be accessible under the Freedom of Information Act.

Burden Statement: The Commission is revising its burden estimate for this information collection. The Commission has based its estimate of the annual number of respondents related to this information collection, in part, on the

average number of interpretative, no-action, and exemptive letters issued by Commission staff in 2020, 2021, and 2022. The Commission generally estimates that each request was made by a unique respondent. To that number, the Commission is adding additional respondents that have incurred burden hours preparing requests for relief that did not generate a Commission staff letter in response.

This estimate includes the burden hours for preparing, filing, and updating such request letters as well as the burden of complying with any conditions that may be contained in any interpretative, no-action, or exemptive letters granting relief. It also includes burden hours required to prepare and submit related requests for confidential treatment. The burden hours associated with individual requests will vary widely, depending upon the type and complexity of relief requested, whether the request presents novel or complex issues, the relevant facts and circumstances, and the number of requestors or other affected entities.

The respondent burden is estimated to be as follows:

Estimated Number of Annual Respondents: 45.

Estimated Average Annual Burden Hours per Respondent: 40.

Estimated Total Annual Burden Hours: 1,800.

Frequency of Collection: Occasional.

Type of Respondents: Respondents include persons registered with the Commission (such as commodity pool operators, commodity trading advisors, derivatives clearing organizations, designated contract markets, futures commission merchants, introducing brokers, swap dealers, and swap execution facilities), persons seeking an exemption from registration, persons whose registration with the Commission is pending, trade associations and their members, eligible contract participants, and other persons seeking relief from discrete regulatory requirements.

There are no capital costs or operating and maintenance costs associated with this collection.

Abstract of Patent Application(s)

A device has a host port, a remote terminal (RT), an incoming line driver, an outgoing line driver, and at least one of an incoming message filter and an outgoing message filter. The host port communicatively couples to a shared host bus. The RT port communicatively couples to the RT. The incoming message filter receives an incoming host message from the host port and generates a filtered host message from the incoming host message employing at least one host message rule. The outgoing message filter receives an outgoing RT message from the RT port and generates a filtered RT message from the outgoing RT message employing at least one RT message rule. The incoming line driver communicates the filtered host message to the RT port. The outgoing line driver communicates the filtered RT message to the host port.

Privacy Act of 1974; System of Records

AGENCY: Department of Defense (DoD).

ACTION: Notice of a new system of records.

SUMMARY: In accordance with the Privacy Act of 1974, the DoD is establishing a new Department-wide system of records titled, "Privacy and Civil Liberties Complaints and Correspondence Records," DoD-0017. This system of records covers DoD's maintenance of records about privacy or civil liberties-related complaints or correspondence submitted to DoD privacy and civil liberties offices. This system of records includes information provided by the individual authoring the correspondence or complaint. Additionally, DoD is issuing a Direct Final Rule to exempt this system of records from certain provisions of the Privacy Act, elsewhere in today's issue of the **Federal Register**.

DATES: This system of records is effective upon publication; however, comments on the Routine Uses will be accepted on or before March 27, 2023. The Routine Uses are effective at the close of the comment period.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

- *Federal Rulemaking Portal:* <https://www.regulations.gov>. Follow the instructions for submitting comments.
- *Mail:* Department of Defense, Office of the Assistant to the Secretary of Defense for Privacy, Civil Liberties, and Transparency, Regulatory Directorate, 4800 Mark Center Drive, Attn: Mailbox

24, Suite 08D09, Alexandria, VA 22350-1700.

Instructions: All submissions received must include the agency name and docket number for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <https://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: Ms. Rahwa Keleta, Defense Privacy and Civil Liberties Division, Directorate for Privacy, Civil Liberties, and Freedom of Information, Office of the Assistant to the Secretary of Defense for Privacy, Civil Liberties, and Transparency, Department of Defense, 4800 Mark Center Drive, Mailbox #24, Suite 08D09, Alexandria, VA 22350-1700; OSD.DPCLTD@mail.mil; (703) 571-0070.

SUPPLEMENTARY INFORMATION:

I. Background

DoD is establishing the Privacy and Civil Liberties Complaints and Correspondence Records, DoD-0017, as a DoD-wide Privacy Act system of records. A DoD-wide system of records notice (SORN) supports multiple DoD paper or electronic recordkeeping systems operated by more than one DoD component that maintain the same kind of information about individuals for the same purpose. Establishment of DoD-wide SORNs helps DoD standardize the rules governing the collection, maintenance, use, and sharing of personal information in key areas across the enterprise. DoD-wide SORNs also reduce duplicative and overlapping SORNs published by separate DoD components. The creation of DoD-wide SORNs is expected to make locating relevant SORNs easier for DoD personnel and the public, and create efficiencies in the operation of the DoD privacy program.

This system of records supports the receipt, review, processing, tracking, and response to correspondence. The term "correspondence" includes records managed by a DoD Privacy and Civil Liberties Office that may include news, information, opinions, questions, concerns, issues, or general complaints, as well as any associated case files. The system consists of both electronic and paper records.

Additionally, DoD is issuing a Direct Final Rule elsewhere in today's issue of the **Federal Register** to exempt this system of records from certain

provisions of the Privacy Act. DoD SORNs have been published in the **Federal Register** and are available from the address in **FOR FURTHER INFORMATION CONTACT** or at the Defense Privacy, Civil Liberties, and Transparency Division website at <https://dpcltd.defense.gov>.

II. Privacy Act

Under the Privacy Act, a "system of records" is a group of records under the control of an agency from which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. In the Privacy Act, an individual is defined as a U.S. citizen or lawful permanent resident.

In accordance with 5 U.S.C. 552a(r) and Office of Management and Budget (OMB) Circular No. A-108, DoD has provided a report of this system of records to the OMB and to Congress.
